Ohio State just routed Kansas, 57-24, behind a strong performance from quarterback Braxton Miller. Kansas coach David Beaty shouldn't have been surprised. It has had a plan in place to try and stop Miller and the Buckeyes offense throughout the season and it really showed itself in his statement after the game. "We knew (Miller) was going to be good," Beaty told the Post-Dispatch. "We knew they had a great offense. We knew they had an offense that beat Alabama, an offense that's one of the best in the country. But we thought we could compete." Here's Beaty's assessment of Ohio State and their offense during their win at No. 3 Alabama and Saturday against Kansas: Offensively, they were really good and one of the best in the country. But they were inconsistent in the first half of the game. They got 20 points, but it wasn't one of those dominant fourth-quarter runs they are known for. It's one of those games where they were good for one drive, then they had a big drop-off in the second half. It really showed up at Alabama when they got to the end zone on the last play of the first half. They didn't get any points, which was expected. But that trend continued Saturday. "They are a great football team, as is everybody at Ohio State," he said. "They are a great football team, there's no question about it." It was hardly a dominating performance by Miller, as he threw for 175 yards and rushed for 70. He did throw two interceptions in the first half as Ohio State had a quick 30-0 lead over the Jayhawks. But after halftime, Miller continued to impress and he's clearly the Buckeyes' main weapon. "He is a game-changer," Beaty said. "He is very competitive and he brings a whole new dimension to what we do. He made some big plays in the second half. He made some big plays in the first half. I thought he was great." Beaty also got to face another big-time quarterback in his statement. Miller's replacement in Columbus, J.T. Barrett is redshirting this season,
