Awards Best webdesigner in 2011 by the web site design fest Posts References Category:Web design Category:Web companies of Italy Category:Companies established in 2009Peni He may also use it to take his share of the fame I'm sure. I love how he's by far the most flexible of the Blinklets, spiking out at either end of the string. Peni He may also use it to take his share of the fame I'm sure. I love how he's by far the most flexible of the Blinklets, spiking out at either end of the string. WTF? I saw this when it was first released, there is no way he could have done that, and then commented and said that he did. Are you just interpreting this the wrong way? Peni I love how he's by far the most flexible of the Blinklets, spiking out at either end of the string. WTF? I saw this when it was first released, there is no way he could have done that, and then commented and said that he did. Are you just interpreting this the wrong way? Yes, no. I meant that he probably tied the pieces of string together and tried to use it to make a rig to put in his mouth to make it appear like he's making out with someone else. Peni I love how he's by far the most flexible of the Blinklets, spiking out at either end of the string. WTF? I saw this when it was first released, there is no way he could have done that, and then commented and said that he did. Are you just interpreting this the wrong way? Yes, no
